PNP
THE TRENDSETTERS

PNP was incorporated in 2001 by Pawan Kaushik, an NRI based at Taiwan since 1986. He is a first generation entrepreneur who's started his career as an assistant accountant. Sincerity and hard work rewarded him with in-depth knowledge, rich experience & strong business ethics. He started business at Taiwan in 1986 and in a very short period of time acquired high credibility and goodwill in Taiwan which resulted in an esteemed venture with Taiwan's biggest conglomerate Formosa Group, a world leader in plastics and textiles.

We started our operations in India in 2001 and have already become market leader in coated fabric. We are India's best and biggest coated cloth provider to luggage industry. We are the best quality Nylon Filament Yarn manufacturer and are proud owner of largest iconic bags & luggage mall "Baginnov". We have ventured in new industries with unique, eco friendly, creative & innovative products like Synthetic Wood, Natural Air Ventilators, Roofing Screw and Warehouse Racks.

Spirit to lead and undying thirst for innovation makes us THE TRENDSETTERS.

NATURAL AIR VENTILATION SYSTEM

POLYPROPYLENE

STAINLESS STEEL

WORKING

Turbo Ventilator's utilizes wind energy to create airflow by centrifugal action. A centrifugal force is created by rotating vanes which in turn creates a low pressure zone which then draws in fresh air from outside and throws out hot & polluted air from inside the shed. Such a continuous cycle creates air ventilation.

BENEFITS

- Continuously circulates fresh ambient air inside the shed
- Removes trapped hot air, gas fumes, smoke & stale air
- Assures 24 / 7 free of cost ventilation.
- 80% depreciation under section 32 of IT Act

FEATURES

- Double exhaust system
- No operating & maintenance cost
- Reduces temperature, humidity
- Economical & 100% power saving
- Available in different sizes
- Stainless Steel Grade 304, 430 & PP

HAO's eco friendly turbo ventilators are wind energy based exhaust systems which increase productivity & efficiency in the shed.
